Message from Mayor

As we begin a New Year, we all still need to be aware of the roles of each and every one of us play in properly disposing of hazardous material and waste. By still practicing recycling, we not only help in the reduction of waste but also conserve energy. Let us commit to being sufficient guardians of the environment through the simple act of recycling. The 2025 St. Clair Township residential recycling and waste calendar provides residents with an organized outline of maps and information regarding garbage collection and recycling collection. The calendar also has other helpful related information regarding our programming, helpful tips from Public Works and contact information. Thank you for your efforts in making St. Clair Township a clean and safe home for all.

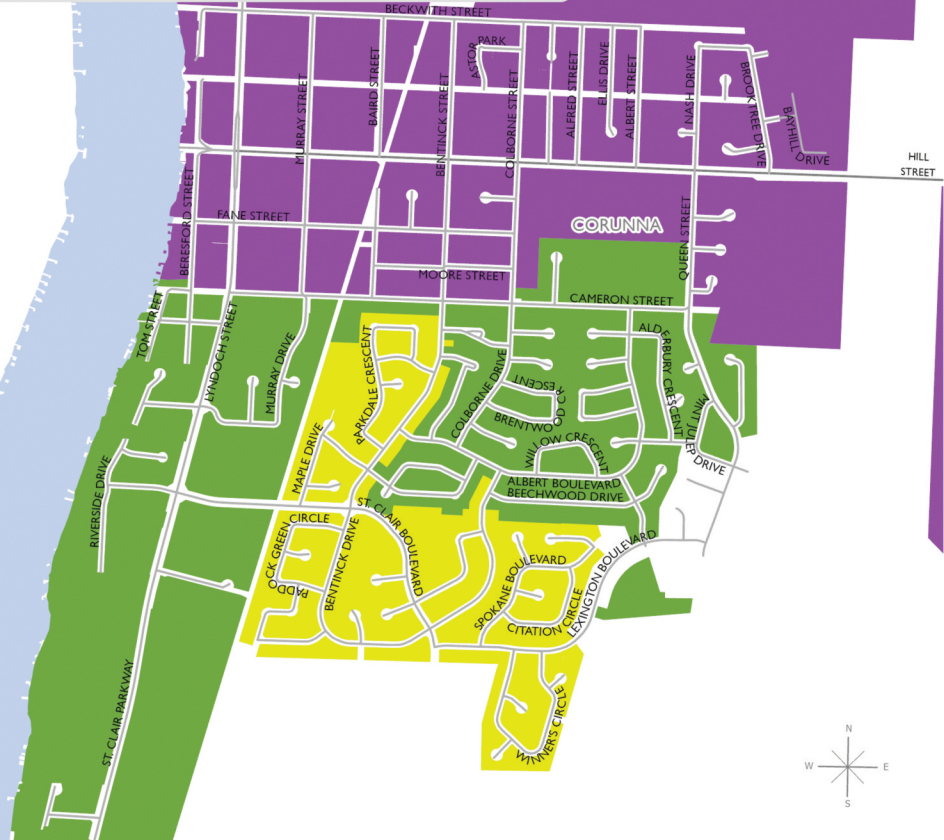

- Mayor Jeff Agar

- Tuesday Week 2
- Wednesday Week 1
- Wednesday Week 2

Collection Rules

Missed collections are upsetting, but there is usually a reason why material was not collected as expected.

Ensure materials collected are:

- **In acceptable containers**, plastic garbage bags, a container constructed of metal or plastic with external handles. Industrial totes and barrels will not be collected. Do not attach lid to container (zip tie, rope, etc.), cardboard containers are not acceptable for household waste.
- **Placed roadside by 7:00 a.m.** on scheduled day of collection (see maps page 1 & 2) within one metre of curb/road edge.
- **Household waste in containers** must be bagged securely, materials cannot be loose in container. This does not include recycling or yard waste.
- **Within the weight limit** of 23kg (50 lbs) and limited to six (6) items. Two (2) of six (6) items can be bulk, and will be recorded and picked up separately from regular waste.
- **Not hidden** behind a vehicle, snowbank, or other obstruction.
- **Free of prohibited content** (e.g. hazardous materials, needles, animal remains, vehicle parts, tree stumps, construction/renovation waste).
- **Separate.** Place waste and recycling containers separate from each other.
- **Single sided collection of waste** will be completed on rural roads; **EXCEPT** for the following – Bentpath Line, Brigden Rd, Courtright Line, Kimball Rd, Lambton Line, Oil Springs Line, Petrolia Line and Stanley Line, these will continue to be collected on both sides of the road. For all other rural roads, place receptacles on the mailbox side of the road.
- **Non-recyclable item in Blue Box** (see page 15).
- **Household/yard waste in Blue Box.**
- **Recyclables not scheduled** for collection that particular week.
- **Not in an acceptable receptacle** (see page 15).

View Waste Collection in full at www.stclairtownship.ca

For general inquiries regarding waste, call St. Clair Township Civic Centre **519-867-2993**, option 3. Recycling is now maintained by Circular Materials - circularmaterials.ca/stclair. To contact contractor directly, call: Marcotte Disposal **519-339-9988** • Emterra **1-888-597-1541**

Tree-cycle

Take your Christmas tree to the curb by **7:00 a.m.** on **January 6, 2025** and **January 5, 2026**, the special tree recycling day.

Remove all decorations, lights, wire, tree skirts, stands, tinsel, fake snow, and make sure the tree is not in a plastic bag. Place the tree at the curb on the collection day of January 6th, 2025.

 Christmas Tree Collection

Your Sanitary Charge is Going Down the Drain!

The rising cost of sanitation is a result of many factors including operations and maintenance of facilities, infrastructure, treatment of waste water and meeting legislative requirements.

Every time you use water it has to go somewhere. Water from flushing, showering, laundry and the kitchen sink flows into the municipal sanitary sewage system and to the wastewater facility for regulated treatment and later released into the environment.

Leaky Toilets Waste Liters of Water:

1. **Read your meter** before and after a two hour period when no water is being used. If meter read has gone up, there is a leak . . .
2. **Check toilet tank leaks** by adding food colouring to the tank. If leaking, colour will appear within 30 minutes. Check toilet for worn out, corroded or bent parts and replace. (flush when test is done, food colouring may stain tank).
3. **If toilet flush handle sticks** in the flush position, water will run constantly, replace or adjust the handle.

Think Before You Flush!

Though products are labeled 'flushable' they are not. These products need to be disposed of in the garbage, NEVER down the toilet.

Only Flush the Three 'P's PEE, POO and TOILET PAPER

Your toilet is not a garbage can!

Items such as baby and personal wipes, diapers, hair, dental floss, condoms, feminine products, paper towels, medications, grease or fats from food can result in the back up of the sewer line into your home or create problems in the wastewater pumps and treatment plant.

Prevent FOG In Our Sewers (Fats, Oil & Grease)

FOG (fats, oil & grease) is the most common cause of sewer back-ups. **FOG** is a by-product of cooking and can be found in butter, margarine, salad dressing, gravies, sauces, lard, shortening, baking goods, meat fats and dairy. **DO NOT pour FOG down the sink, drain or toilet.**

Water Flushing:

Routinely Public Works will be flushing the fire hydrants connected to the St. Clair Township water system.

During this routine maintenance procedure you may notice some discoloration using your taps, flushing toilets, doing laundry, etc. as some sediment may be drawn into your residence.

We recommend that you run the cold water tap for a few minutes or until the discoloration disappears. If discoloration of the water continues after 1 hour of normal use, please notify Public Works at **519-867-2993, option 3.**

February 2025

In accordance with St. Clair Township By-law #78 of 2001, vehicular parking is prohibited on all roads and streets within the Township between the hours 1:00 am and 7:00 am from December 1 to April 1.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
Sump Pump Water Backup Systems In the event of a power failure, these units ensure that water gets away. When the power is restored to normal, units should be reset to stop the continuous running of municipal water, that can result in large consumption, adding \$\$\$\$\$ to homeowners water bill. Visit www.stclairtownship.ca for water/sewer information.						1 Winter Reading Program January 25th - March 16th

2025 Household Hazardous Waste

St. Clair Township will be having Hazardous Waste Days this year. For unfolding details visit www.lambtononline.ca

Services are paid for by the **County of Lambton 1-800-809-0301**. The waste management collection services are provided by **Clean Harbors Canada Inc.** located at 4090 Telfer Rd. This service is intended for **household hazardous waste only**.

Materials accepted are:

Batteries, drain cleaner, oven cleaners, pesticides, rat poison, cleaning fluids, pharmaceuticals, pool chemicals, ammonia, bleach, aerosols, gasoline, paints, BBQ starter, oil, solvents and propane cylinders.

Drop off materials at **Clean Harbors Canada Inc. at 4090 Telfer Rd.**

Household Hazardous Waste Days are held to ensure proper disposal of hazardous materials at **NO COST TO YOU**. For full details visit www.lambtononline.ca

For safety reasons, residents are asked to segregate lithium batteries from all other battery types prior to drop off.

Are you planning on Digging?

What To Do . . .

Excavating for an addition, a new deck or pool, installing fence posts, landscaping or planting a tree?

What you can't see can hurt YOU!

CALL BEFORE YOU DIG 1-800-400-9255

ONTARIO ONE CALL is a free service for homeowners and is open 24 hours a day, 7 days a week. Notification to Ontario One Call is required at least one week before you plan to dig in order for locates to be completed. Call **1-800-400-9255** any time or visit their website at www.OntarioOneCall.ca

 **Week 2 Recycling Collection**

 **Yard Waste Collection Zone 1**

 **Yard Waste Collection Zone 2**

Yard Waste Collection 2025

The Township of St. Clair offers a yard waste collection program for defined areas in order to reduce the amount of compostable material directed to the landfill site.

'Yard Waste' is collected separately from regular waste in urbanized areas of the Township, collection begins at 7:00 am.

What is Yard Waste?

Yard waste includes the following: Grass, leaves, garden plants and loose hay (not baled).

Not permitted: Sticks and branches, woody stems from ornamental grasses and wood plants, kitchen waste, earth, stones, walnuts, pinecones, wood mulch, tree stumps, logs, body wood, large brush and whole shrubs with root ball attached.

Yard waste placed at the roadside for collection must be bagged in paper bags or open containers with handles, clearly marked with an 'X' on both sides, and must be free of all non-compostable material such as plastic, glass, metal, or other debris.

Open containers DO NOT INCLUDE: Blue boxes or cardboard boxes. Containers must not exceed 23kg/50lb.

Yard waste placed in regular garbage bags will **not be collected**. Yard waste in clear plastic bags will **not be collected** during yard waste collection dates.

Collection Schedule:

Collection will be on Monday or Wednesday, depending on the service area. Spring Collection begins the week of April 21st and ends the week of June 16th. Fall Collection begins the week of October 13th and ends the week of November 17th.

Monday: (Zone 1)

- Streets west of St. Clair Parkway/Lyndoch St. (Corunna)
- Curran St. and Froomfield Area
- Brigden, Courtright, Mooretown, Port Lambton
- Sombra Village, Wilkesport, Chenal Ecarte, Leeland Gardens
- All of St. Clair Parkway/Lyndoch St.

Wednesday: (Zone 2)

- Corunna – everything east of Lyndoch St.

Pumpkins, gourds and squash can be disposed of in your Yard Waste, as long as they are not painted, have candle wax on them or they are decorated. If so, these items will go to regular landfill.

Emergency Preparedness Guide

In case of a major event, you will need some basic supplies set aside.

These supplies will ensure you are always prepared to be self-sufficient for at least **72 hours** while emergency workers focus on people in urgent need. For a full list of items, go to www.getprepared.gc.ca or call **1-800-622-6232**.

IN CASE OF EMERGENCY DIAL 911

St. Clair Fire Department
392 Lyndoch St., Corunna, Ontario N0N 1G0
519-481-0111

Follow us on Twitter [@stclairfire](https://twitter.com/stclairfire) or find us on Facebook.
Go to www.stclairtownship.ca for details regarding our Fire Department.

Know the Risks:

The consequences of many disasters can be similar but knowing the risks in your region can help you prepare.

- Blizzards, winter storms, severe storms
- Floods
- Extreme cold or heat waves
- Tornadoes
- Power outages
- Industrial accidents

To learn more about emergency preparedness visit www.getprepared.gc.ca or call **1-800-622-6232**

Make a Plan:

Every household needs an emergency plan to help you and your family know what to do in case of an emergency. Your family may not be together when an emergency occurs. By planning ahead you will know how to contact each other or meet up together after the emergency. Discuss what you would do in different situations and create your plan.

There is useful information to help you create your plan, just call **1-800-622-6232** or visit www.getprepared.gc.ca

GET A KIT!

Get a Kit:

- 2 litres of water per person, per day
- Food that won't spoil; canned, energy bars, dried foods (replace food and water once a year)
- Manual can opener
- Wind up or battery powered flashlight and radio (extra batteries)
- First aid kit
- Extra key to your car and house
- Some cash in smaller bills and change for pay phones
- A copy of your emergency plan and contact information

Frozen Meters and Pipes

Preventative measures are best, but if you suspect your pipes are frozen check the following:

- **Most likely the pipes near an outside wall, door or window are frozen.** Start by opening a faucet near the frozen pipe to avoid a burst line when water starts flowing.
- **NEVER** use a blowtorch or open flame to thaw a line.
- **Begin by warming the pipes** using a blow dryer, heating pad or portable heater (do not place near flammable materials).
- **Once water starts flowing** allow a small stream of water to continue until heating is restored.
- **Eliminate drafts** and allow heat to circulate to avoid refreezing.

Water Department

Office Hours:

Monday - Friday

8:30 am - 4:30 pm

519-867-2993, option 3

After Hours Emergency:

1-888-441-4204

Preventative

Frozen water meters and water pipes can stop your flow of water and may be costly to repair. Property owners are responsible for protecting water pipes and meters from damage.

- Eliminate cold drafts near water pipes
- Turn off service to external water taps
- Make frequent use of your water supply

WHEN TEMPERATURES STAY BELOW FREEZING:

- Give pipes a helping hand**
If pipes run through cabinets or vanities, open the doors to let warmer room temperatures flow in.
- Keep water working**
Keep water moving through the pipes by allowing a small trickle of water to run. The cost of the extra water is typically lower than the cost of repairing a broken pipe.

BUT IF YOUR PIPES DO FREEZE:

- Shut off the water immediately**
Don't attempt to thaw pipes without turning off the main shut-off valve.
- Thaw pipes with warm air**
You can melt the frozen water in the pipe by warming the air around it with a hair dryer or space heater. Be sure not to leave space heaters unattended and avoid the use of kerosene heaters or open flames.
- Be careful turning water back on**
Once pipes are thawed, slowly turn the water back on and check pipes and joints for any cracks or leaks that might have been caused by freezing.

Holiday Waste and Recycling Collection

Christmas and New Years Day fall on Thursdays for the 2025 collection year. For the weeks of Christmas and New Years, waste and recycling will be collected as follows:

- **Tuesday** waste and recycling will be collected as normal.
- **Wednesday** waste and recycling will be collected as normal.
- **Thursday** there will be no collection.
- **Friday** will be Thursday waste and recycling collection day.
- **Saturday** will be Friday waste and recycling collection day.

Tree-cycle

Take your Christmas tree to the curb by **7:00 a.m.** on **January 5, 2026**, the special tree recycling day.

Remove all decorations, lights, wire, tree skirts, stands, tinsel, fake snow, and make sure the tree is not in a plastic bag. Place the tree at the curb on the collection day of January 5th, 2026.

Recycling Guide

Please ensure that materials are placed at the curb by 7:00 am.

The Township offers **Single Stream** (also known as 'fully commingled' or 'single-sort') recycling. **Single Stream** refers to a system in which all paper fibers, plastics, metals, and other containers are mixed in a collection truck, instead of being sorted by the resident into separate commodities (newspaper, paperboard, corrugated fiberboard, plastic, glass, etc.) and handled separately throughout the collection process. In **Single Stream**, both the collection and processing systems are designed to handle this 'fully commingled' mixture of recyclables, with materials being separated for reuse at a materials recovery facility.

Recycling will only be collected in blue recycling bins. Visit [www.circularmaterials.ca/resident-communities/ township-of-st-clair/](http://www.circularmaterials.ca/resident-communities/township-of-st-clair/). Industrial Totes will not be collected for residential. Blue Boxes and lids are available for purchase at the St. Clair Civic Centre Public Works. For any recycling collection inquiries, contact Emterra at customer-care@emterra.ca or 1-888-597-1541.

Food, Beverage & Liquid Containers

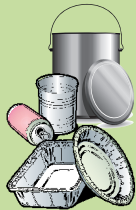

Clear & Coloured Glass:

- Clear or coloured food jars (rinsed)
- Beverage containers
- Pop bottles

 **NOT INCLUDED:** light bulbs of any type, no mirror, window or sheet glass, no drinking glasses, no ceramics (plates, mugs, Pyrex®), no broken glass.

Metal & Aluminum Cans:

- Pop, beer, juice, food & pet cans (rinsed)
- Metal paint cans (empty, dry, lids removed)
- Aluminum foil wrap, aluminum plates & trays (cleaned of any food or food residue)

 **NOT INCLUDED:** Metal pots, coat hangers, oil filters, sheet metal and toys, aerosol cans, auto parts, cutlery, propane & helium containers.

Paper & Fibre Products

To the curb by
7:00 am

Newspapers:

- All newspapers and all flyers (coloured and black and white)

Fibre or Paper Products:

- Items that are 100% paper, such as computer paper, office paper, envelopes (white or coloured), ad mail, bills, statements, flyers, etc.
- Paperback books, catalogues, telephone books, magazines
- Fast food take-out trays
- Milk & juice cartons (rinsed)

 **NOT INCLUDED:** Carbon paper, hard cover books, blueprint paper, facial tissue, toilet paper, paper towels, laminated paper, artwork, paper with foreign material attached, cards with foil, plastic, ribbon or lamination.

Plastics:

- All plastic containers coded with #1, #2, #4, #5, #6, and #7 symbol
- Liquor, pop, water bottles, K-cups (emptied & rinsed)
- Dish soap, juice, vinegar bottles, bleach bottles
- Mouthwash & cooking oil bottles
- Yogurt, margarine, peanut butter containers
- Clean trays & grocery clam shell containers (rinsed)
- Prescription bottles (over 2 inches)

NOT INCLUDED: Plastic bags, toys, containers without markings on bottom, motor oil containers, hanging flower containers, flower pots, trays & planters, blister packaging, plastic wrap around water bottles & pop/beverage cases.

Cardboard & Boxboard:

- **Boxboard** items such as tissue box, cereal boxes, shoe boxes, paper towel centre cores
- **Cardboard** flattened, tied in bundles no larger than 30" x 30" x 8"
- **Paper** egg cartons
- **Milk cartons, juice boxes, tetra packs**
- **Laundry detergent, packing boxes**
- **Fast food drink containers** (without lid & straw)
- **Clean pizza boxes**

NOT INCLUDED: Boxes containing any food or food residue i.e. pizza box with toppings stuck to lid, waxy cardboard.

Thank you for your continued support of our Waste Reduction Program.

Do not overfill Bins, loose is better and keeps items from getting stuck in the box. If ice/snow are in Blue Boxes, it can make them too heavy to collect.

Styrofoam™ is NOT collected with recycling in St. Clair Township. Put out with waste.

Return to Vendor Locations for Household Electronics and Hazardous Waste

- Visit the Electronic Recycling website for nearest drop off location at www.epra.ca
- Visit the County of Lambton website for HHW Depot schedule at www.lambtononline.ca

22 Gallon Boxes available at Township Offices
Lids are also available

32 Gallon Bins with lids available at local home building stores

Industrial Totes & Bins larger than 32 Gallons are **NOT** acceptable for residential

Never miss another collection day. Download the **FREE 'Recycle Coach' app.** www.stclairtownship.ca
